Timed Auctions Made Easy

## From the Breeder

On behalf of Flatland Ranch, we would like to welcome to our 24th annual bull sale. We have decided to change things up this year and instead of private treaty offering, we will be selling our bulls on DLMS.ca Farm Gate Timed Auction March 10th & 11th. Bulls are available for viewing anytime before the sale. Please join us for an open house with lunch and refreshments on March 9th from 11am – 4pm. For those unable to view the bulls in person, feel free to give us a call and we will do our best to find a bull that works with your operation. Thank you to all our valued repeat buyers, your friendship and trust in our program is appreciated, and we always welcome new faces. We strive to produce quality functional ranch cattle that will get out and work for you for a long time to come. These bulls are hand fed only 8lbs of grain per day, we are looking to grow our bulls not fatten them. Whether it is a calving ease, performance or a mix of both that you are seeking this set has it. Most importantly, they are backed by a cowherd that is strong uddered, good footed and built for longevity and production.

### DAM OF MERIT

- A Dam of Merit must have produced at least 3 calves and a Dam of Distinction must have produced a minimum of 8 calves.
- Age at first calving must not exceed 25 months
- Produced a calf that was born between Jan 1 last year and March 1 of this year
- Possess a minimum average weaning weight ratio of 101 for all calves
- Maintained a regular calving interval. Average calving interval must not exceed the value calculated using the following formula

OR  $(\# \text{ of calving intervals} \times 365 \text{ days}) + 30 \text{ days} / \# \text{ of calving intervals}$

The female had her third calf before her fourth birthday and maintain a 365 day calving interval thereafter.

## ***Sale Heifers***

We have on offer 3 pens of commercial breeding heifers. Each pen will have 5 heifers. There will be 2 pens of tan Gelbvieh/Charolais cross heifers and one pen of red Gelbvieh heifers. These girls come from strong cow lines with longevity, good udders and solid feet under them. All heifers will be vet inspected and palpated.

We were initially drawn to this guy for his easy fleshing thickness all the way through him and great disposition. We had purchased this bull to put in our heifer pen for his calving ease and growth, and he gave us such nice calves on our heifers that we decided he needed to go to work on some cows as well and it turned out to be a great decision. **Homozygous Polled**

How to Participate in the DLMS Farm Gate Timed Auction with Extended Bidding:

**1. Visit [www.dlms.ca](http://www.dlms.ca)** , scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the Farm Gate Timed Auction Sale page.

**2. After you are at the Farm Gate Timed auction site** - [farmgatetimedauctions.ca](http://farmgatetimedauctions.ca), click the LOGIN/REGISTRATION button. First time Farm Gate users:

- First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the Farm Gate Time Auction Site requires a new separate account from your DLMS Live sale site)

- After you create your Farm Gate account you will receive a text message with a pin code to verify your account.

- On your first login to Farm Gate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning Farm Gate users:

- If you have used Farm Gate Timed auctions in the past simply enter your username and password to continue. After you have logged in you are able to browse the timed auctions on DLMS Farm Gate Timed Auctions.

### 3. How to Bid

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

- Place Next Bid - to place the next bid on the item, you see the amount in the first box, you simply click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed.

- Max Bid Amount - to place a max bid you put your max bid in the second box listed as "Max Bid" on the item, and then click the "Place Bid" button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

### 4. Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list, you can add the lots to your watchlist. On each lot you will see the "eye" button beside the bid button, by clicking this "watchlist" Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

### 5. Sale Ending / Closeout

Most Farm Gate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding works?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

### 6. Bidding Close & Follow-up

After the clock has gone to "ENDED" and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidder you can contact the sale consignor / sale manager to confirm payment instructions.

Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale Manager and/or Sale Consignor.
